CryoPen®

Reinventing Cryosurgery

LEADING-EDGE CRYOSURGERY

CryoPen is a range of innovative, powerful, hand-held cryosurgery tools, designed to completely remove all benign skin lesions quickly and cost-effectively. Treatment is very fast and can be easily integrated into daily practice.

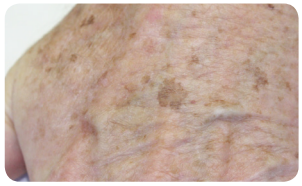
CryoPen emits a microjet of nitrous oxide (N_2O) under high pressure (55 bars), achieving in-tissue temperature of -89°C for complete tissue necrosis in seconds.

Typical treatments

Acrochordon
Treatment: 10-15 sec.

Seborrheic Keratoses
Treatment: 5-10 sec.

Pigmented Spot
Treatment: 3-5 sec.

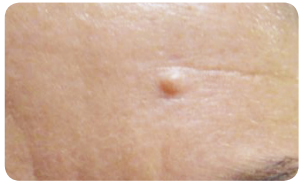


Solar lentigo
Treatment: 3-5 sec.

Molluscum Contagiosum
Treatment: 10-15 sec.

Hemangioma
Treatment: 5-10 sec.

Skin Tag
Treatment: 5-10 sec.



Wart
Treatment: 10-15 sec.

Treat all benign skin lesions

Treat common pathologies in just seconds: verrucae, skin tags, solar lentigo, pigmented spots, actinic keratoses, seborrheic keratoses, hemangioma, molluscum contagiosum, condyloma, plantar warts and more.

No pain, no fuss, no aftercare

CryoPen treatment causes no pain, no damage to healthy tissue and little or no scarring. And it requires minimal post-treatment care.

EASY TO USE

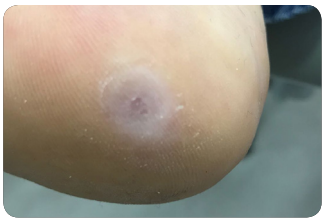
If you have no experience doing cryosurgery, all you need are your diagnostic skills and a steady hand. If you are experienced in using traditional cryosurgery tools, you'll be delighted by CryoPen's exceptional performance, millimeter precision and ease of use!

EASY TO MANAGE

Each CryoPen device is supplied with its own range of applicators and cartridges in a set. Additional cartridges can be ordered. Cartridges have a 2-year shelf life and can be conveniently stored at room temperature.

PERFECT REMOVAL OF SKIN LESIONS

CryoPen delivers exceptional results for the complete removal of all benign skin lesions in just one treatment session.

BEFORE TREATMENT	DURING TREATMENT	AFTER TREATMENT
		


WIDE RANGE TO MEET ALL NEEDS

Dermatologists **Podiatrists** **General Practitioners** **Gynecologists**

Urologists **Pediatricians** **Estheticians** **Veterinarians**

WHICH CRYOPEN IS RIGHT FOR YOU?

Your choice of device depends on your usage.
We will be happy to advise you.

THINK ABOUT...

- How many clients might you treat (per week, month...)?
  Consider whether you need a device suitable for a very wide range of uses or occasional use.
  Look at power, applicator sizes and cartridge sizes.
- Will you treat minor, superficial lesions only, or also larger/deeper lesions?
  Look at the power levels and applicators. Consider buying several different CryoPen devices.
- How many practitioners in your practice will use the tools?
  Consider buying several CryoPen device sets.

CryoPen X+
